Removing Barriers to learning

Providing funds to students & families in need

Naperville 203 social workers and counselors identify at-risk students in need of support for educational, physical or social-emotional growth. When no other avenues of funding within the family and community exist, staff reach out to NEF. Thanks to your generosity, this program continues to be a safety net for our students.

**\$16,234
distributed**

With your support, NEF was able to help 19 families in need through Kid Booster during the 2023-24 school year.

Supporting students in partnership with Naperville 203

NEF's role in RISE supports the wraparound process. Your support can, for example, provide financial assistance for basic needs such as transportation, shelter, clothing, advocacy courses, specialized counseling, parent education or learning English.

**\$95,479

“Many of these students do not have a structured space outside of the school day to complete work without distractions, so the time at Homework Club is very helpful for them. Thank you NEF for providing the funding to support Washington students. We appreciate it tremendously.”

Founded in 1992, the Naperville Education Foundation (NEF) makes a profound difference in the lives of our students by funding programs that fall outside of Naperville 203's tax-supported budget.

NEF encourages creativity, innovation, and excellence in our students by helping to ensure that every student in the district can take advantage of opportunities to make the most of their education.
